OUR CORE PRINCIPLE

• Industry-Linked

Deep connectedness with industry. Advantech plays a significant role in identifying new courses, designing curricula, facilitating hands-on training to students, sponsoring research and providing senior managers as Visiting and Mentor Faculty at advantech Computer Education.

• Technology-Based

The Advantech Computer Education uses cutting-edge technology in all its functions and activities such as content development, teaching-learning methods & practices, evaluation and testing and learning management.

• Research-Driven

Research, in the wider sense, is a training of the mind in looking at and solving any problem. Research is a methodology and every student, irrespective of discipline, needs hands-on experience applying research methodology to a variety of problems.

Our Values Anthem

SEAMLESSNESS

We break down barriers
Making way for success.
Extraordinary minds
Integrate to progress.
Rewarding creativity,
Seamless is our design.
We sculpt our dreams to perfection
Carrying everyone as we climb.

Taking India to the world
Our flag we unfurl
We see a golden horizon
As we rise to the sun.

COMMITMENT

We engage our
partners / stakeholders
Keeping promises we make.
Meeting challenges,
Prudent risks we will take.
Experiences could us
And that helps us grow
Committed to our goals
We never stop...on we go.

INTEGRITY

As we climb on,
We uphold a higher plane.
By honesty and trust
We've built a bigger domain,
'Coz at the very crust of it
We won't compromise
By example, we live what we
Preach...
Integrity illuminates the target
We want to reach.
